Pike; adjutant, Lowell Daniels; financial officer, Ivan C. Arnold; historian, Jack Williamson; chaplain, Dr. C. H. Church. The post adjutant expects to have a membership of 300 before the charter list closes as every service man in Nye county is eligible. It was decided to attend the flag day exercises at the Alrdome next Sunday night in full uniform. The members will meet Sunday evening at 7:30 at the justice court and march in a body to the Alrdome. The meeting also discussed attending the Fourth of July parade here.

The initiation fee has been placed at \$1 including the first quarter's dues. The dues were fixed at \$3 a year, payable quarterly.

FAIRVIEW DIVIDEND

Fairview Round Mountain Mines company has posted notice of a dividend of two cents per share.

Official figures from Washington indicate an increase of five dollars per capita among the population of the United States. But the profiteers were onto that long ago.

We are getting on. It used to be that a young woman could not speak of a "shimmy" without a blush of modesty on her cheeks. Now they have a dance by that name, and nobody cares.

ATTENTION

All service men meet at the Justice court Sunday at 7:30 p. m. in full uniform for the purpose of signing the American Legion charter and also to participate in the Flag Day exercises. This includes all ex-soldiers, sailors and marines, so be present.

SO CARRY ON.

BOOSTING FOR THE AIRPLANES

Chairman Harry R. Grier of the Fourth of July Committee is leaving no stone unturned in his endeavor to persuade the Nevada representatives in congress to urge the government to send the Mather flying squadron to Tonopah for July 4th and 5th. Last night he wired United States Senator Henderson and Congressman Evans the following message to Washington:

"Your welcome message received regarding planes for Tonopah July 4th. People and press wildly enthusiastic regarding possibility securing, Frederick Porter, vice-president Pacific Aero Club here and assisting all possible. Confident southern Nevada would never forget the courtesy if possible to secure planes. Tonopah with her splendid war record feels justly entitled to this consideration from our government and stands ready to go to the front again for good old Uncle Sam."

In addition to the above telegrams, Chairman Grier wired Governor Boyle at Carson and George Wingfield at Reno asking their co-operation to secure the flying fleet for Tonopah on this occasion. In discussing the matter last night Vice-President Porter of the Pacific Aero Club of San Francisco stated the squadron was slated to visit Reno on this occasion and there was absolutely no reason why at least the two big Liberty planes should not be sent to Tonopah as Reno and Carson were entertained with a visit from them quite recently. Mr. Porter says they can easily make the flight from Sacramento to Reno over the high Sierras in about two hours and from Reno to Tonopah in three hours and a half. It is contemplated to have them land on the dry lake 12 miles to the south of town as it will be impossible to secure a landing place large enough near the city. From the lake they will fly over Tonopah and treat the people to some of the late and novel air stunts practiced in the late world's war.

At a meeting of the Tonopah-Divide Chamber of Commerce held last evening it was unanimously agreed to assist Chairman Grier all possible on behalf of the Fourth of July Committee in securing the air monsters and J. Grant Crumley was appointed from the Chamber to work in conjunction with the Fourth of July committee.

Mr. Crumley, acting for the chamber, sent a number of messages to Washington also urging the co-operation of our representatives from Nevada in the movement.

QUARTER-MILLION LAND DEAL IN LYON COUNTY

One of the biggest real estate deals also involving a large reclamation project, to be consummated in western Nevada in years, was closed on Thursday when the Fuistone brothers of Smith Valley took over the Louis Saroni holdings in that valley for a consideration exceeding a quarter of a million dollars. The tract of land included in the deal consists of 47,000 acres, of which 6000 are under cultivation. The land will be subdivided and sold.
